FOR IMMEDIATE RELEASE

Debt$Net® Collection Software Hosts 2011 User's Conference in Las Vegas, Nevada

Poulsbo, WA, May 9, 2011 – Debt$Net® Collection Software, a pioneer in the development of collection agency software, recently hosted the 2011 Debt$Net® User's Conference at the Paris Hotel in Las Vegas, Nevada on April 27th and 28th.

The well-attended conference showcased the new business and production features coming with the soon-to-be released Debt$Net® Prestige 2011 and Debt$Net® Power 2011 products. There were also many opportunities for networking and visiting with Affiliate Partners of Debt$Net®. A User's Best Ideas session, conducted by Dwayne Heisler of Remit Corporation, was also popular.

"The 2011 User's Conference held in exciting Las Vegas was a huge success for the attendees. Being able to see all that Prestige can do for an agency was enough to finally convince us to take the next step and upgrade our version of Debt$Net®. Prestige will allow greater potential for our collectors and for our clients. And of course, like any of the other User's Conferences of old, the Debt$Net® staff members made sure everybody's questions and/or suggestions were addressed. Thank you so much and we are so glad we attended, looking forward to the next User's Conference." Myke Creager, Vice President, Receivables Management Solutions.

Founded in 1987 by principals Tony La Magna and Gary Grout, the company has developed and provides the industry their premier core product, Debt$Net®, as well as supporting software modules, training, custom programming, and technical support.

Debt$Net® has provided collection agencies, law firms, debt buyers and in-house collection departments with one of the most comprehensive debt collection systems in the industry. Proven in the field, Debt$Net® collection software has satisfied the debt recovery requirements for over 1,000 companies specializing in Retail, Commercial, Medical, Receivables Management, and Check Collections. Debt$Net® users can be found throughout the United States, as well as Canada.
