## FOR IMMEDIATE RELEASE

---

### **New Portfolio Management Software from the Creators of Debt\$Net<sup>®</sup> Collection Software to be Previewed at 15<sup>th</sup> Annual DBA International Conference in Las Vegas February 7<sup>th</sup> - 9<sup>th</sup>**

Poulsbo, WA - DEBT Portfolio HQ, a portfolio management software, will be previewed during the 15<sup>th</sup> Annual DBA International Conference Expo in Las Vegas, Nevada February 7<sup>th</sup> - 9<sup>th</sup>. Slated for release later in 2012, DEBT Portfolio HQ will provide debt purchasers and brokers with a comprehensive and powerful management software to facilitate purchase, analysis and distribution of debt portfolios. Backed by the extensive knowledge and customer-centered support team of Debt\$Net<sup>®</sup>, DEBT Portfolio HQ will support the extensive requirements of the portfolio management process.

“We are excited to bring our expertise and customer-centered philosophies to a new market with a product that can enhance the capabilities of debt purchasers and brokers,” Gary Grout, Vice President.

Founded in 1987 by principals Tony La Magna and Gary Grout, The Computer Manager, Inc. has developed and provided the collection industry their premier core product Debt\$Net<sup>®</sup> Collection Software, as well as supporting software modules, training, custom programming and technical support.
